PROFESSIONAL SUMMARY

Full-Stack Software Engineering graduate actively seeking a Junior Full-Stack Developer position. Hands-on experience as a Front-End, Angular, Vue.js, and ASP.NET Developer through internships, academic training, and Agile team projects. Skilled in building responsive, component-based UIs, designing RESTful APIs, and modeling relational databases, with a solid grounding in OOP design, the full SDLC, and Agile/Scrum practices. Demonstrated ability to lead cross-functional teams and deliver prototypes under competitive deadlines.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, C#, Java

Frontend: Angular, Vue.js, HTML5, CSS3

Backend: ASP.NET Core, RESTful APIs

Databases: SQL Server

Version Control: Git, GitHub

Tools: Visual Studio, Figma

Core Strengths: Leadership, Teamwork, Problem Solving, Analytical Thinking, Communication, Time Management, Adaptability

WORK EXPERIENCE

Front-End Developer Trainee - SITECH

Apr 2026 - Jul 2026

Amman, Jordan

- Developed responsive, cross-browser web applications as an Angular and Vue.js Developer, improving usability and front-end performance.
- Architected reusable, component-based UI structures following best practices, improving maintainability.
- Collaborated with back-end engineers and UI/UX designers in an Agile environment to deliver user-focused interfaces.

ASP.NET Developer Trainee - Princess Sumaya University for Technology (PSUT)

Mar 2026 - Jun 2026

Amman, Jordan

- Built full-stack web applications end-to-end, pairing an ASP.NET Core back end with an Angular front end.
- Designed and integrated RESTful APIs with relational database systems (SQL Server) to support core features.
- Applied object-oriented design and modern development practices to strengthen code quality and maintainability.

Software Engineering Trainee - Estarta Solutions

Sep 2025 - Nov 2025

Amman, Jordan

- Completed structured software engineering training covering industry-standard tools, Agile workflows, and best practices.
- Applied SDLC methodologies alongside technical teams on real-world enterprise scenarios.

PROJECTS

Lightside - Graduation Project

Team Leader & System Developer | React Native | Amman, Jordan

- Led a cross-functional team building a React Native app from concept to prototype, owning planning and delivery; final grade 91%.
- Designed the core system architecture and business logic; applied Agile/Scrum practices to manage sprints and coordinate tasks.

Baliditi - Crown Prince Award Competition

UX/UI Designer | Flutter | Amman, Jordan

- Designed user-centered interfaces for a Flutter-based municipal services app, from wireframes to high-fidelity Figma prototypes.
- Mapped user flows and partnered with developers to ensure accurate implementation of UI/UX designs.

EDUCATION

Bachelor's Degree in Software Engineering - Zarqa University, Jordan

2026

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals - Microsoft (Jun 2026)
- Python Essentials 2 (OpenEDG Python Institute) - Cisco Networking Academy (May 2026)
- Data Science Essentials with Python - Cisco Networking Academy (May 2026)
- Create Apps Championship 2025-2026 - Dubai Chamber of Digital Economy
- Full-Stack Web Development (HTML & CSS) - Al Hussein Technical University (HTU)
- ASP.NET Web Application Development Certificate - The Hope International (Oct 2024)

LANGUAGES

Arabic (Native) | English (Professional Working Proficiency)
